

### Directions to the Center for Natural Sciences:

Once at the IC entrance on 96B (at the light): Go around the circle to the last roadway. Stay on that road and you'll past the playing fields and you'll see the Visitor's Parking lot (free).

CNS is #23 on the map; first building across the visitor's lot, with a rounded glass roof. The main office is located on the first floor, room 161.
