

FOOD DELIVERY OPTIONS DURING COVID-19

Postmates

- Pick Up or Delivery options for more than just dinner. Get groceries or alcohol delivered in under an hour.
- Offers "non-contact" deliveries – allows customers to specify where they would like their order to be left.
- Delivery fee is \$0.99-\$3.99 for partner merchants and \$5.99-\$9.99 for other merchants.
- The Postmates application, pictured down below, can be found on any app store and downloaded for free!

DoorDash

- Get breakfast, lunch, or dinner from your favorite restaurants delivered right to your doorstep.
- Offers "non-contact" deliveries – the driver will alert you when the food has arrived.
- The standard delivery fee is \$5.99.
- The DoorDash application, pictured down below, can be found on any app store and downloaded for free!

Grubhub

- Mobile prepared food delivery marketplace that connects people with local takeout restaurants.
- Also using "non-contact" deliveries to safely support restaurants.
- There is a processing fee of 3.05% + \$0.30.
- The Grubhub application, pictured down below, can be found on any app store and downloaded for free!

Advice from CDC

- According to the CDC, there is currently no evidence to support transmission of Covid-19 associated with food.
- Before preparing or eating any food, it is important to wash your hands with soap and water for 20 seconds.
- There is likely very low risk of spread from food products or packaging. However, transferring food from the container it was delivered into a plate at home can decrease worry.
