Ithaca, NY 14850

President Collado,

I have met with your team and reviewed the proposed plan to bring students back to campus to retrieve their belongings. I appreciate all the effort and care to develop a plan that considers the impact on our community. I am recommending that you delay implementation of your plan until June 8th, 2020.

The six week phased approach that coordinates and limits the number of students coming to campus at any one time is appropriate and I would recommend you use that approach when you begin bringing students back to retrieve their belongings.

Please let me know if I can be of further assistance.

Thank you,

Frank Kruppa
Public Health Director
